## Professional Summary

I'm a self-motivated full-stack developer with a passion for creating websites and applications. My primary focus is on React and Next.js, and I have experience with a wide range of programming languages and technologies. I'm a quick learner, a community-oriented developer, and I thrive on curiosity and passion.

## Education

12th | Sanmati Higher Secondary School, Indore ,India 2022 – 2023

BCA | St. Paul Institute of Professional Studies | Indore, India 2018 – 2022

**Achievements :** Class Representative in 1<sup>st</sup> year, Student Lead of Computer Science Department, Student Coordinator at various college programs like International Seminar.

## Projects

### NEXTCHAT

**Technologies:** Next.js, Tailwind CSS, Firebase

- Built a real-time messaging application with support for emojis, using Firebase for backend services.
- Created an intuitive, responsive user interface with Tailwind CSS.
- Leveraged Next.js for server-side rendering to ensure fast loading and high performance.

### NEXTECOMMERCE

**Technologies:** Next.js, Tailwind CSS, MongoDB

- Built an admin dashboard for managing products, orders, and customer data with Next.js and MongoDB.
- Designed a responsive interface with Tailwind CSS for seamless user experience.

### REACT LINK MANAGER

**Technologies:** React.js, Bootstrap

- Developed a web application that allows users to categorize and save important links, setting time-based triggers to open them.
- Implemented state management using React Context API and navigation with React Router DOM.

## Experience

Freelance Web Developer

Nov 2023 – Nov 2024

Next Web Works, Indore, Madhya Pradesh (Remote)

- Developed and deployed full-stack web applications using React.js, Node.js, and MongoDB, providing tailored web solutions for clients.
- Designed and implemented scalable backend systems using Express.js and REST APIs.
- Reduced page load times by 30% through optimization techniques, improving user experience and engagement.
- Collaborated with designers and stakeholders to create responsive, user-friendly web interfaces.
